

Community Pantry Referral Form

422 Community Hub

The 422 Community Pantry is a new project that helps to alleviate the immediate needs of food poverty for residents in Ardwick and Longsight eligible to receive Universal Credit. The Pantry offers people dignity of choice when experiencing economic hardship. By joining as a member for £2 a fortnight, people can choose items up to the value of £15-£20. Initially families/individuals can visit fortnightly (moving to weekly as soon as we can).

From the 422 Hub we can not only provide people with food and essentials, but invite them into community activities where they are welcome, and also where we can signpost to other services and offer support to maximise the income they do have, or are entitled to access.

Please return completed form to Naomi at: hello@422manchester.org
